

**REMARKS**

Claims 19-39 are pending in the present application. In the Office Action of April 27, 2009, the Examiner restricted examination to one of the following inventions:

- Group I: Claims 19-29 and 34-39, drawn to a patterning method; and  
Group II: Claims 30-33, drawn to a field effect transistor.

Applicants hereby elect the invention that corresponds to the claims in Group I (Claims 19-29 and 34-39).

Accordingly, Claims 30-33 have been withdrawn from consideration without prejudice and with reservation for reintroducing the subject matter of claims 30-33 upon the allowance of the elected claims. Accordingly, Applicants hereby satisfy the restriction/election requirement. Applicants respectfully request entry of the amendments and favorable consideration for the application.

**Conclusion**

The Examiner is invited to contact the undersigned via telephone if such communication would expedite prosecution of this application.
